

To USA Judo Members,

My name is Gerry Navarro and I am your current Group B representative (at Large) of USA Judo. As most of you know I have been serving on the board of USA Judo for almost two terms. Together with the board and High Performance we have made many improvements in recent years which include additional funding, more extensive training / travel as well as improvements to the Judo Point/Ranking System for athletes and events.

I along with HP Eddie Liddie have arranged funding for top athletes to travel and train which has been imperative to the results we are starting to see with our developing athletes. Through the athletes/coach's dedication and our additional support the future of judo development looks bright.

I continue to listen to your concerns and suggestions and bring items important to you to the attention of the board for consideration.

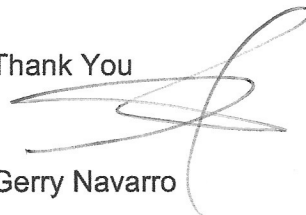

The USA Judo Board has requested and approved that I remain on the Board for another term to ensure the needs of the At Large memberships and the development of our athletes remains moving forward as we look to Paris 2024 and Los Angeles in 2028.

I truly enjoy representing the Judo Community in a sport we all Love,

Please continue to support me and let's keep Our Sport moving in the right direction.

Thank You

Gerry Navarro
