

To: Timothy J. Jordan Esq.
USA Judo Nominating Committee

Good Evening,

“When I am elected as your representative to the USA Judo Board At-Large Directors, I will institute a “National Meeting”, at least once per year, probably at the Senior Nationals or President’s Cup, so that I can directly hear the voices and concerns, suggestions, and/or questions that each of you may wish to have brought before the USA Judo Board of Directors for actions. I will also vigorously advocate for, and seek your guidance in the quest to address and/or solve the problems and/or concerns affecting the GROUP B/C Organizations, both generally and specifically. I will, as I always have, serve with Integrity, Honesty, Loyalty, Professionalism, and Genuine Concern for your/our wants and needs as we collectively and individually strive to “GROW/RE-GROW JUDO” in the USA us.

I’ve worked in various USA Judo Committee’s and the one thing that people learn about me is that I am a person of Integrity, Transparency and High Character Morals, and that my main interest is and has always been USA Judo and it's Members, Coaches and Athletes.

I can make a difference to the board and the USA Judo community. If you agree, please vote for me.
