DIVISION CHANGE AUTHORIZATION

In the event that my child, _____, a minor, is the only entry in their division, or if my child wishes to compete in another division, I authorize the following option(s) in order to change my child's competitive division. I understand that if my child is less than 13 years old, and moves up into a 13 – 14 year division, he / she may be choked to submission. I understand that if my child is less than 17 years old, and moves up into a Youth / Senior division, he / she may be joint locked to the elbow to submission. I understand these added risks and acknowledge that I have discussed these with my child and my child is familiar with submission protocol which can minimize, though not eliminate, the risks involved.

Note: Failure to check an option will result in the assumption that #4 was implied and therefore will be in effect if required.

Please check ***all*** that you authorize:

____ 1. I authorize that my child may move up one weight group, up to a 15% weight differential, within the same age group.

____ 2. I authorize that my child may move up one age group and will be separated according to the entries in that group.

____ 3. I authorize that my child may move up from the novice group to the advance group within their age / weight group.

____ 4. I do not authorize my child to move up in weight division, age group, or experience level. I understand then that if my child has no one else in their division they will receive an automatic 1st place award without competing.
