

## Figure Sport Committee Update - 11/1/19

### ***1. Don't Forget to sign up for the Academy Leaders weekly webinars:***

Please see the USA Roller Sports group page on Facebook for information and how to sign up. Many registered Coaches have already attended the introductory webinar and the first of two Freeskating/Pairs events and it's not too late to sign up for the remaining webinars, over the next three weeks!

#### REMAINING WEBINARS

11/3/19 - Dance and Precision Part 1

11/10/19 - Freestyle and Pairs Part 2

11/17/19 - Dance and Precision Part 2

### ***2. NEW CALCULATOR TO HELP DETERMINE YOUTH EVENTS TO SKATE:***

Need help determining what age group your skater falls into for the new World Skate events? Thanks to FSC member Jessica Gaudy, we can help! In addition to the age table on the last page of the requirements grid, there is a new tool on the Figure Rules page of the website called "World Skate Calculator – Determine Divisions by Age". Simply click the date box, select the date of birth of the skater (month, day, year), and click "Get My Skater's Events." Then the World Skate events will show up for what skaters are age eligible for in both domestic and international competitions! This new tool is just a guideline based on age, but eligibility restrictions could still apply so be sure to consult the rulebooks.
