

Figure Sport Committee Update - 12/6/19

1. International Competition outfits for USA Roller Sports skaters:

The FSC has approved any registered USA Roller Sport skaters the option to show their U.S. Team pride with an outfit similar to the U.S. World Team member uniforms, while competing at International Competitions. This includes the Americas Cup to be held in Orlando in mid-January, along with the Cup Series to be held later this season, starting in Portugal. Please click the link below for more information from Danielle Storm, our seamstress for our World Team outfits.

2. Questions on rules, eligibility, and requirements:

The FSC has a special sub-committee to review any questions you may have on the 2019-2020 figure skating rules and requirements. Questions such as: What events can I skate? What dances or figures am I supposed to be doing? What is my footwork for this season? Where can I find the dance diagrams? All these questions should be emailed to: figurerules@usarollersports.org.

FSC and all of its sub-committees are committed to answering your questions quickly and concisely. We are here to serve our Figure membership so please do not hesitate with any questions you have for this skating season.

Happy Holidays,

Ed Harney

Figure Sport Committee Chairman
