Policy Owner(s): CEO

Ethics Committee – ethicsjudicial@usaweightlifting.org

Purpose

USA Weightlifting is committed to sustaining an ethical organization free of conflicts of interest and perceived conflicts of interest. Each Affiliated Individual (as defined below) has the responsibility to administer the affairs of USA Weightlifting honestly and prudently, and to exercise their best care, skill, and judgment for the sole benefit of USA Weightlifting. Those persons will exercise the utmost good faith in all transactions involved in their duties, and they will not use their positions with USA Weightlifting or knowledge gained therefrom for their personal benefit. The interests of the organization must be the first priority in all decisions and actions. USA Weightlifting requires that any of its Affiliated Individuals recognize, attempt to avoid activities or investments that involve, might appear to involve, or could result in a potential conflict of interest.

This policy does not attempt to provide an exhaustive list of every possible circumstance that might give rise to a conflict of interest, but provides examples of situations or “transactions” where potential conflicts of interest often arise. A “transaction” is any contract, transaction, agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a grant or loan, or the establishment of any other financial relationship with USA Weightlifting.

1. Applicability of Policy

This Conflict-of-Interest Policy is applicable to all USA Weightlifting Affiliated Individuals. “Affiliated Individuals” include, but are not limited to, members of USA Weightlifting’s Board of Directors (the Board of USA Weightlifting), officers, committee members, task force members, hearing panel members, employees, select contractors, and volunteers.

2. Definitions

“Conflict of Interest” or “Conflict” exists when an Affiliated Individual’s activities or interests interfere with, influence, or have the potential to interfere with or influence his or her responsibilities on behalf of the USA Weightlifting or undermine the interests of the USA Weightlifting. A “conflict of interest” also

exists in the context of athlete or team selection when an Affiliated Individual participates in a selection decision that involves or impacts an athlete with whom the Affiliated Individual has a direct or indirect relationship, or when an Affiliated Individual participates in a benefits or services allocation decision that directly impacts the Affiliated Individual.

A potential conflict of interest or conflict arises when an Affiliated Individual, or a business with whom that person has an affiliation (including but not limited to an ownership interest, contracted income, sponsorship or other matter from which the individual gains directly or indirectly), or a close personal relationship, stands to gain from a given scenario.

3. Areas in Which Conflicts May Arise

4. Interpretation of This Policy

The areas of conflicting interest and relations in those areas which may give rise to a conflict, as listed in Section 4, are not exhaustive. Affiliated Individuals should disclose all relationships and activities which may give rise to a potential conflict of interest, whether or not listed expressly in Section 4.

However, disclosure of a conflict or potential conflict of interest does not necessarily prohibit involvement in the disclosed activity or with the USA Weightlifting. For example, the conflict might not be material enough to be of practical importance, or if it is material, it might be possible for the USA Weightlifting and Affiliated Individual to implement appropriate mitigating measures upon full disclosure of all relevant facts and circumstances. However, it is USA Weightlifting's policy that the existence of any of the interests described or similar in nature to those described in Section 4 will be disclosed before any transaction is consummated or any vote taken on an action, contract, relationship, or decision that would give rise to the potential conflict of interest. It is the continuing responsibility of each Affiliated Individual to scrutinize his/her transactions and outside business interests and relationships for potential conflicts and to immediately make such disclosures.

5. Disclosure Policy and Procedure

In addition to the mandatory self-disclosures required from each Affiliated Individual under Sections 9 and 10 of this policy, any individual with a good faith belief that another Affiliated Individual has a conflict of interest may notify the USA Weightlifting Ethics Committee of such perceived conflict pursuant to the procedures set forth below. Such notice may be provided anonymously. Furthermore, should any Affiliated Individual become aware of any undisclosed conflict of interest, or any conflict of interest not fully disclosed, such person should

make full disclosure of their knowledge of the potential conflict of interest involved to USA Weightlifting Ethics Committee.

Affiliated members are encouraged to disclose conflicts whenever they may arise or whenever the member becomes aware of them, in addition to annual disclosures. Specifically, Board members, committee members and members of tribunals or panels must disclose any conflicts when they arise or whenever they become aware of them.

After disclosure of the conflict or potential conflict of interest and all material facts, and after any discussion with the interested person and any other relevant party, the Ethics Committee will decide if a conflict of interest exists pursuant to the procedures set forth in Section 7 below, as applicable, and if there are mitigating measures that could be implemented to permit USA Weightlifting to move forward with the transaction or activity.

6. Procedures for Addressing Potential Conflicts of Interest

a) With Respect to USA Weightlifting Board Meetings

- i. At the beginning of each board meeting, board members will verbally declare their noted conflicts, and these conflicts will be disclosed in the board meeting minutes.

b) With Respect to USA Weightlifting Transactions or Business

In the event a potential conflict of interest exists with respect to a proposed transaction or arrangement, then promptly and before any decision is made regarding the proposed transaction or arrangement, the potential conflict of interest will be addressed as follows:

- i. The interested person may make a presentation to the Ethics Committee, which will ensure only disinterested parties currently seated on the Ethics Committee, are included in discussions and decision making, which may be convened telephonically, regarding the transaction or arrangement involving the potential conflict of interest.
- ii. The interested person will then recuse themselves from any and all discussion and approval (if applicable) of the conflict of interest.
- iii. The Ethics Committee will determine whether an actual or apparent conflict of interest exists. For transactions, the Ethics Committee may consider whether a competitive bid or competitive evaluation exists.
- iv. If the Ethics Committee determines that an actual or apparent conflict

of interest exists, it will determine whether there are mitigating measures that can be implemented to alleviate the conflict and/or what steps the interested individual and/or USA Weightlifting must take or not take in order to avoid the conflict. The Ethics Committee, composed exclusively of disinterested parties, in making the final determination on potential violations, including athlete involvement, may determine in some cases that the organization cannot engage in the transaction or arrangement at all due to the conflict or potential conflict of interest.

c) With Respect to Panels Empowered to Resolve Grievances

The following particularized disclosure requirements and procedures apply in the context of panels empowered to resolve grievances in order to ensure that no Affiliated Individual participating in the process has a conflict of interest that will impact their ability to make a fair and unbiased decision related to the grievance.

Any Affiliated Individual involved in resolving a grievance, including the athlete representative, who has a potential conflict of interest must disclose it to the Ethics Committee (or Judicial Committee where appropriate) for review before the hearing begins or at any time during the proceedings once the conflict is identified. Additionally, notice of the proposed Hearing Panel appointees shall be provided to all parties involved with the grievance within a reasonable time prior to the hearing. The notice will include an opportunity to object to any appointee for a conflict of interest. In both instances, the following process will be followed:

- i. The Interested Person or party involved in the grievance may make a presentation to the Ethics Committee, which may be convened telephonically, regarding the potential conflict of interest.
- ii. The Ethics Committee will determine whether an actual or apparent conflict of interest exists
- iii. If the Ethics Committee determines that a conflict of interest is exists, it will either mandate the individual's removal from the process or determine to what extent, if any, that individual can participate in the process
- iv. Under no circumstances will a person with an actual or potential conflict attempt to unduly influence other members of the Hearing Panel.

If the Affiliated Individual is removed and a vacancy on the Hearing Panel exists, [USA Weightlifting Judicial Committee Chair/Hearing Panel Chair/Ethics Committee] will use its best reasonable efforts to fill that vacancy. If a vacancy results in the athlete representative position, another athlete representative who meets the qualifications for the Hearing Panel will be selected by the USA Weightlifting AAC.

If the Affiliated Individual is recused and a vacancy on the committee exists, either in the drafting process or on the discretionary selection committee, USA Weightlifting will use its best reasonable efforts to fill that vacancy. If a vacancy results in the athlete representative position, another athlete representative who meets the qualifications for that committee will be appointed and approved by a representative group of athletes.

d) With Respect to Drafting Selection Procedures.

The following more particularized disclosure requirements and procedures apply in the context of drafting selection procedures and athlete/team discretionary selection decisions in order to ensure that no Affiliated Individual participating in the process has a conflict of interest that will impact his/her ability to make a fair and unbiased decision in the athlete or team selection process.

Any Affiliated Individual involved in the drafting of procedures, including the athlete representative, who has a potential conflict of interest must disclose it to the Ethics Committee for review. The following process will be followed:

- i. The Interested Person may make a presentation to the Ethics Committee, which may be convened telephonically, regarding the potential conflict of interest.
- ii. The interested person will then recuse themselves from any and all discussion regarding the potential conflict of interest.
- iii. The Ethics Committee will determine whether an actual or apparent conflict of interest exists
- iv. If the Ethics Committee determines that a conflict of interest exists, it will either mandate the individual's recusal from the process or determine to what extent, if any, that individual can participate in the process. The Ethics Committee may determine that the individual can still participate in the drafting of the procedures or be included in the discussions for discretionary selection of a team, but not take part in any sign-off, vote, or decision. For example, a national team coach or high-performance director may provide information to the selection committee so long as such information is provided in a fair and unbiased manner and the committee member who disclosed the conflict of interest does not vote toward the final decision.
- v. Under no circumstances will a person with an actual or potential conflict attempt to unduly influence other members of the committee in the selection process.

If the Affiliated Individual is recused and a vacancy on the committee exists, either in the drafting process, USA Weightlifting will use its best reasonable efforts to fill that vacancy. If a vacancy results in the athlete representative position, another athlete representative who meets the qualifications for that committee will be appointed and approved by a representative group of athletes.

7. Violations of The Conflicts of Interest Policy

If the Ethics Committee has reasonable cause to believe an Affiliated Individual has failed to disclose an actual or potential conflict of interest, it will promptly inform the Affiliated Individual of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose. The Ethics Committee will be composed exclusively of disinterested individuals.

If, after hearing the Affiliated Individual's response and after making further investigation as warranted by the circumstances, the Ethics Committee determines the Affiliated Individual has failed to disclose the conflict or potential conflict of interest, it will take appropriate disciplinary and corrective action. The Ethics Committee's decision will be final.

USA Weightlifting will not participate, allow, or otherwise engage in any retaliation against those who report conflicts of interest in good faith.

While any such failure to disclose a conflict or potential conflict of interest is under investigation, the Affiliated Individual will be precluded from engaging in further decisions of USA Weightlifting that bear any relation whatsoever to the matter that is the subject of the conflict or potential conflict of interest.

8. Annual Disclosure Statements

Each Affiliated Individual will annually sign and submit to the Ethics Committee and USA Weightlifting's CEO a statement, using the standardized form, affirming that they:

- 1) Have received a copy of the conflicts of interest policy;
- 2) Declare any conflicts of interest, including perceived conflicts of interest, and any and all club affiliations.
- 3) Have agreed to comply with the policy, and
- 4) Understand that USA Weightlifting is a charitable organization and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes. Each annual disclosure will be reviewed and addressed by the Ethics Committee.

Any actual, perceived, or potential conflict of interest should be disclosed in the

annual statement.

Any new USA Weightlifting employee will submit a conflict-of-interest disclosure statement within 14 days of his or her hiring by USA Weightlifting. Any other new Affiliated Individual will submit a conflict of interest disclosure statement by the earlier of 14 days after his or her appointment or his or her first board, committee, or task force meeting. In no event will an Affiliated Individual participate in any decisions to commit USA Weightlifting to a proposed transaction or in athlete or team selection procedures prior to submission of his or her conflict of interest disclosure statement.

USA Weightlifting will maintain copies of all Annual Statements submitted under this Section 9 in accordance with the document retention policies and procedures.

9. Periodic Statements/Updates

In addition, each director, officer, committee member, task force member, hearing panel member, and employee will submit to the Ethics Committee a signed statement as necessary describing any new potential conflicts of interest as and when such potential conflicts of interest arises. USA Weightlifting will maintain copies of all periodic statements or updates submitted under this Section 10.
