1.2. Tryout Events:

- 1.2.1. Provide the event names, dates and locations of all trials, events and camps to be used as part of the selection process.

1.2.2.1 Membership in Pool – Athletes must be a member of the Pool to be selected to attend the event listed above in 1.2.1.

1.2.2.2 Ongoing screening – From time to time, one (1) or more members of the MNTSC will observe athletes at softball events for the purpose of general scouting. General scouting is conducted so that athletes can be identified who perform at a level which the MNTSC believes is competitive in the current international field. Players identified through the ongoing screening process will be considered for placement in the Pool by the MNTSC.

- 1.3. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process to become Team nominees (include maximum Team size).

- 1.3.1 Invitation to USA Softball Men’s National Team Selection Camp – The MNTSC will invite 20-30 athletes to attend the Camp. Invitations will be based on observations and evaluations per the criteria outlined in 1.3.3 below during camps and competitions that occurred during 2013, 2014 and 2015. Athletes will be notified of their invitation to the Camp at least thirty (30) days prior to the start of the Camp.
- 1.3.2 Selection of 2015 Men’s Pan Am Team – The MNTSC will observe and evaluate athletes based on the criteria listed in 1.3.3 during all performance related activities conducted during the Camp. At the conclusion of the Camp and prior to the deadline established by the USOC for final athlete nomination, the MNTSC will select the final roster of fifteen (15) athletes it intends to nominate to compete in the Pan Am Games. Once the nominations are accepted by the USOC, the final roster will become the 2015 Pan Am Team. The selections will be based upon the Selection Criteria and include the cumulative written observations and evaluations of the MNTSC.
- 1.3.3 Selection Criteria – In selecting athletes to be members of the 2015 Pan Am Team, the MNTSC will consider information such as observation and statistics of both objective and subjective nature, that pertains to the criteria listed below in no priority order (the “Selection Criteria”):
- 1.3.3.1 Criteria
- Offensive Performance
 - Batting
 - Batting statistics
 - Ability to make contact and adjustments
 - Ability to hit ball hard (power) and consistency
 - Situational hitting (bunting, advancing runners, etc.)
 - Baserunning (speed)
 - Defensive Performance
 - Fielding
 - Hands and arm strength
 - Throwing accuracy and range
 - Judgment and consistency
 - Communication with other players
 - Instincts for necessary adjustments and positioning
 - Pitching Performance
 - Pitch speed
 - Pitch location and ball movement
 - Variety and command of pitches
 - Situational pitching

- Ability to adjust to game situation
- Communication with catcher and defense players
- Presence and demeanor on the mound
- Judgment
- Communication with other players and coaches
- Instincts for necessary adjustments and positioning
- Physical Strength
- Conditioning Performance

The above listed criteria shall carry equal weight and the athletes will be forced ranked based upon the number of athletes competing for a particular position. The highest ranked player by position will be ranked with a score of 1.

1.3.3.2 Other Considerations

- Team Work- willingness to accept roles that lead to team success
- Enthusiasm - energy and support of teammates
- Versatility - balance between offense and defense as well as the ability to play other positions to fulfill multiple roles
- Maturity- ability to adjust situations dealing with adversity, accepting things that don't go well and reacting appropriately
- Team Composition- the intended direction for the particular team (example, if the team is intended to be primary power hitting team)

Feedback on the above criteria from coaches working the Camp will be considered.

In selecting members of the team, the MNTSC will initially select a core group of players based upon evaluations and rankings made by the MNTSC taking into account the Other Considerations (listed in 1.3.3.2 above). The MNTSC will then determine the needs of the team based upon the core group selected to identify remaining needs for utility players and other position players by evaluating the remaining candidates based upon the Selection Criteria and the roles for the athletes which remain to be selected.

2. DISCRETIONARY SELECTION (if applicable)

2.1. Provide rationale for utilizing discretionary selection (if any):

The sport of softball is not a measured or timed event. In the selection of athletes who will compete together as a team, it is difficult to make selection decisions based solely upon objective criteria. It is the belief of the MNTSC that

considering the mix of Selection Criteria set out in Section 1.3.3 above, which includes subjective components in evaluation of performance ability and other listed considerations, will result in selection of the best athletes, who will work together as an effective team to continue success of the USA Softball program.

- 2.2 List the discretionary criteria and explain how they will be used (if any):

See Criteria listed above in Section 1.3.3

- 2.3 Provide the name of the committee that will be responsible for making discretionary selections along with a complete list of the members' titles currently serving on the committee:

Men's National Team Selection Committee:

<i>Warren Jones, Chairman</i>	<i>ASA Ohio State Commissioner</i>
<i>Dan Highland</i>	<i>Illinois ASA Player Representative</i>
<i>Kyle Magnusson</i>	<i>Athlete Representative</i>
<i>Denny Bruckert</i>	<i>USA SB Men's National Team Head Coach</i>
<i>Doug Lindaman</i>	<i>Iowa ASA Player Representative</i>

- 2.3.1 Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the nomination process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

3. REMOVAL OF ATHLETES

- 3.1. Prior to acceptance of nominations by the USOC, the NGB/HPMO has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by the NGB/HPMO may be removed as a nominee for any of the following reasons, as determined by the NGB/HPMO:

4. REPLACEMENT OF ATHLETES

- 4.1. Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

- 4.1.1. Prior to submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:
